

## EAST HOUSTON HOTEL

### A Stylish Gateway To The Lower East Side

Located in Manhattan's eclectic Lower East Side, Hotel East Houston is within walking distance to a wide variety of restaurants, boutique shops, as well as sophisticated clubs, bars and lounges. Hotel East Houston's prime location is ideal for conducting business and for enjoying a myriad of engaging diversions found in visiting art galleries, museums, music venues, theaters, as well as for sampling New York's bustling night life in East Village, SoHo, Greenwich Village, and Little Italy. The hotel's construction was completed in September 2007 and a launch the following month introduced 6 floors of beautifully designed modern rooms featuring a fine selection of superior quality amenities to the general public.

### Roof Top

The sunny roof top deck and lounge area provides our guests with spectacular views over lower Manhattan and the iconic New York skyline. Experiencing the open panoramas of the City on the deck by day or by night will leave an indelible memory for guests to take home and enjoy for years. A seasonal roof top deck and lounge area is available for the exclusive use of registered hotel guests. Guests can recline and enjoy sunning themselves on the chaise lounges, simply take in the air and the view, or sit at tables with their meals or beverages al fresco. This space can also serve as a meeting space for up to 40 people
